

Agency Founder Skills & Scaling Roadmap

1. Core Skill Sets Required

- Sales & Negotiation: Ability to sell high-ticket packages (₹1L-₹5L+) and handle complex objections [cite: 4, 7].
- System Architecture: Designing end-to-end automation workflows using Make/Zapier, ManyChat, and CRM systems [cite: 4, 7].
- Creative Direction: Managing VFX, animation, and CGI production quality without having to do all the editing yourself [cite: 4, 7].
- Media & Authority Building: Understanding inbound marketing, storytelling for case studies, and building a "Media Company" brand on platforms like Instagram and YouTube [cite: 4, 7].
- Team Leadership & Delegation: Managing a team of 10-20 members through SOPs (Standard Operating Procedures) and clear performance metrics [cite: 4, 7].
- Financial Literacy: Understanding business metrics like CAC, LTV, Burn Rate, and Runway to ensure long-term sustainability [cite: 4].
- Technical Literacy: Keeping up with AI Agent development (Botpress/Voiceflow) and backend infrastructure (Supabase/Firebase) for "Future Services" [cite: 4, 7].

2. Skills by Scaling Phase

- Phase 1 (₹0-₹1L): Focus on Founder-led sales and basic content creation [cite: 4, 7].
- Phase 2 (₹1L-₹10L): Develop funnel systemization and DM automation management [cite: 4, 7].
- Phase 3 (₹10L-₹25L): Focus on hiring, training, and operational delegation [cite: 4, 7].
- Phase 4 (₹25L-₹50L): Master Productized System design and authority-driven content strategy [cite: 4, 7].
- Phase 5 (₹50L-₹1Cr): Develop high-level business architecture and licensing model management [cite: 4, 7].

Agency Team Architecture & Scaling Roadmap

Core Team Structure (Minimum Viable Company)

- Founder / CEO: Acts as the strategist, brand voice, and sales architect [cite: 4].
- Sales Closers (2-3 members): Dedicated to handling sales calls and closing high-ticket deals (₹1L-₹2L+ packages) [cite: 4].
- Editors (2 members): Responsible for high-end creative production, VFX, and video editing to maintain quality output [cite: 4].
- Automation Specialist (1 member): Manages technical infrastructure, AI Agent development (Botpress/Voiceflow), and workflow automations (Make/Zapier) [cite: 4].
- DM Operator (1 member): Manages the initial conversation flow, lead qualification, and ensures the "Media Engine" is funneling leads correctly [cite: 4].

Scaling Roadmap & Team Expansion

- Phase 1 (₹0-₹1L): Founder-led; no full-time employees required [cite: 4].
- Phase 2 (₹1L-₹10L): Focus on systemizing DM funnels and initial contract-based creative support [cite: 4].
- Phase 3 (₹10L-₹25L): Introduce core team members for delivery and sales [cite: 4].
- Phase 4 (₹25L-₹50L): Add authority-building roles and focus on productized systems to remove dependency on the founder [cite: 4].
- Phase 5 (₹50L-₹1Cr): Scale to a full 10-20 member team, including licensing and enterprise-level client support [cite: 4].

Ant I Gravity STUDIOS: Scaling & Infrastructure Strategy

1. Digital-First Infrastructure

Ant I Gravity STUDIOS is being built as a digital-first, scalable organization, moving away from traditional physical office models [cite: 4, 7]. This structure allows for a global team of specialists (CTO, COO, CMO, etc.) to operate without the constraints of a physical headquarters, facilitating faster scaling to the ₹1Cr/month target [cite: 4, 7].

2. Scaling Philosophy

The studio follows a phased scaling model ("Phase 1–5") to transition from a "Founder-led" startup to a "system-based machine" [cite: 4]. By building SOP-driven infrastructure and leveraging automation, the studio eliminates the need for massive initial physical overhead, prioritizing capital reinvestment into technology and talent [cite: 4, 7, 8].

3. Future Readiness

Physical expansion (branches or offices) is treated as a Phase 5 growth strategy—considered only after achieving stability in revenue infrastructure and reaching the ₹1Cr/month profit milestone [cite: 4, 7].

Ant I Gravity Studios: Complete Agency Documentation & Scaling Blueprint

1. Services

🐜 Ant I Gravity Studios

Services We Provide

🎬 Animation & Anime: 2D Animation, 3D Animation, Anime Production, Character Animation, Motion Graphics, Explainer Videos

👤 VFX & CGI: Visual Effects (VFX), CGI Creation, Green Screen Compositing, Motion Tracking, Rotoscoping, VFX Cleanup

🖥️ AI Content Creation: AI Video Generation, AI Image Generation, AI Ads & Commercials, AI Character Creation, AI Storyboarding, AI Voice Generation, AI Music Generation

🧠 AI Agents: Customer Support AI Agents, WhatsApp AI Agents, Sales AI Agents, Lead Generation AI Agents, Real Estate AI Agents, Education AI Agents, Business AI Assistants, Custom AI Agents

⚙️ AI Automation: Business Process Automation, WhatsApp Automation, Email Automation, Social Media Automation, CRM Automation, Marketing Automation, Workflow Automation, AI-Powered Data Processing

🎮 Gaming: Game Asset Design, Character Design, Environment Design, Game Cinematics, Game Trailers, Concept Art

🎬 Film & Media: Film Production, Short Films, Music Videos, Teaser & Trailer Editing, Movie Posters, Title Design

🎨 Design & Branding: Logo Design, Logo Animation, Brand Identity Design, Thumbnail Design, Social Media Creatives, Marketing Materials

📱 Digital Content: YouTube Video Editing, Instagram Reels Editing, Shorts Editing, Promotional Videos, Corporate Videos

🚀 Future Services: Anime Series Production, Game Development, SaaS Products, AI Software Development, Virtual Production, OTT Content Production

Company Tagline: "Building Worlds Through Animation, AI, VFX, Gaming & Intelligent Automation."

2. Instagram Auto DM Client System

🚀 INSTAGRAM AUTO DM CLIENT SYSTEM

🔥 CORE IDEA: Reel gets attention -> CTA triggers DM -> Auto-replies start conversation -> Free demo -> Paid offer.

📱 STEP FLOW: Reel/Story CTA -> Auto DM Reply 1 -> Qualification Question -> Send Demo -> Offer -> Close.

🖥️ TOOLS: ManyChat (BEST choice).

⚙️ KEYWORD TRIGGER: "AI".

💬 AUTO DM SCRIPT: 1. Intro + Offer Free Ad Concept, 2. Qualification (Business Type), 3. Send Demo, 4. Professional Offer (Fiverr/Direct), 5. Closing/Urgency.

🔥 STORY & COMMENT TRIGGERS: Use pinned comments on reels for 2-5x conversion.

🎯 LEAD QUALIFICATION: Use business type filter.

🕒 CLOSING: Use urgency ("5 clients/week") and authority ("We build AI systems").

📊 EXPECTED RESULTS: 50-200 leads/month; 5-20 buyers/month.

3. Startup Business Terms

1. Money/Revenue: Revenue, Profit, Cash Flow, MRR, ARR, Break-even point.
2. Customer/Marketing: CAC, LTV, LTV:CAC, Conversion rate, Lead, Funnel.
3. Startup Growth: MVP, Scaling, Pivot, Validation, Product-market fit.
4. Sales: Cold outreach, Closing, Objection handling, Upselling, Retention.
5. Digital/Online: CTR, ROAS, SEO, Organic traffic, Paid ads.
6. Founder Mindset: Execution, Iteration, Burn rate, Runway.

4. Notion CRM Agency Engine

🧠📊 NOTION CRM — AI AGENCY CLIENT ENGINE

🏠 1. MAIN DASHBOARD: Focus, Quick Actions, Pipeline Snapshot, Revenue Goal Tracker (₹1,00,000/mo).

📅 2. LEADS PIPELINE: Fields for Name, Handle, Source, Stage, Budget, Status.

💬 3. DM CONVERSATIONS LOG: Track conversations, pain points, and closing probability.

💰 4. REVENUE TRACKER: Package type, Deal Value, Payment status.

🕒 5. FOLLOW-UP SYSTEM: 6h/24h/48h rules.

🚀 7. AUTOMATION LOGIC: Auto-tagging, follow-up scheduling, and delivery tracking.

🔥 9. HOT LEAD INDICATOR: Emoji tagging (Cold, Warm, Hot, Closed).

5. Scaling CRM System (₹1L → ₹5L)

🧠🚀 ₹1L → ₹5L SCALING CRM SYSTEM

CORE IDEA: Scale by deal size, close rate, retention, and upsells.

🔧 ARCHITECTURE: 1. Lead Capture, 2. Sales Pipeline, 3. Revenue Expansion, 4. Retention & Scale.

📊 REVENUE EXPANSION: Upsell from 10K to 25K to 50K retention deal.

🔄 RETENTION: Monthly retainer model for automation/growth support.

💰 REVENUE STACK MODEL: Base Revenue (1L) + Upsells (1.5L) + Retainers (2L) + Reactivations (50K+) = ₹5L+ potential.

6. ₹50L–₹1Cr Scaling Architecture (Agency OS 3.0)

💰🚀 ₹50L–₹1CR SCALING ARCHITECTURE (AGENCY OS 3.0)

🧠 CORE SHIFT: From "agency operator" to "business architect."

🔧 REVENUE ARCHITECTURE: High-Ticket Acquisition (20-40L), Retainer Engine (15-30L), Productized Systems (5-15L), Automation Licensing (5-20L), Media Engine.

📺 1. TRAFFIC ENGINE: Media company mode (1-5M reach/mo, 2-4 reels/day).

💬 2. CONVERSION ENGINE: AI pre-qualification → Sales Call → Close.

💰 3. SALES ENGINE: Entry (25K-50K) → Growth (75K-1.5L) → Enterprise (2L-5L).

🔄 4. RETENTION ENGINE: 50%-70% of total revenue.

📦 5. PRODUCTIZED ENGINE: Sell templates/systems without your time.

🤖 6. AUTOMATION ENGINE: 70% of lead handling automated.

🔥 7. AUTHORITY ENGINE: Trust-based content (case studies, revenue breakdowns).

🧠 9. TEAM: Closers, editors, automation specialist, DM operator.

🚀 10. SCALING PATH: Phase 1 (0-1L) to Phase 5 (50L-1Cr).

🧠 FINAL POSITIONING: AI Growth Infrastructure Company / Revenue Systems Architect.

2. Instagram Auto DM Client System

INSTAGRAM AUTO DM CLIENT SYSTEM

CORE IDEA

Instead of chasing clients manually:

Reel gets attention

CTA triggers DM keyword

Auto replies start conversation

Free demo builds trust

Paid offer closes deal

1. FUNNEL STRUCTURE

STEP FLOW:

Reel / Story → "DM 'AI' for free demo"

Auto DM Reply 1 (Instant)

Qualification Question

Send Demo / Portfolio

Offer Fiverr / Paid Service

Close client

2. AUTO DM SETUP (TOOLS)

Use any ONE:

Instagram automation tools:

ManyChat (BEST for Instagram)

Chatfuel

Meta Business Suite (basic)

Zapier + IG automation (advanced)

👉 BEST CHOICE: ManyChat

⚙️ 3. KEYWORD TRIGGER

Set keyword:

"AI"

So when user comments or DMs: 👉 "AI" = system activates

💬 4. FULL AUTO DM SCRIPT (COPY THIS)

💥 MESSAGE 1 (INSTANT AUTO REPLY)

Hey 🙋

I'm from Ant I Gravity Studios.

I can create a free AI ad concept for your business.

What type of business do you run?

💥 MESSAGE 2 (AFTER REPLY)

If they reply (gym / salon / etc.):

Perfect 🔥

I'll create a sample AI ad for your business.

💥 MESSAGE 3 (SEND VALUE / HOOK)

Here's a sample AI ad we created recently 👉

(Send your demo video)

💥 MESSAGE 4 (CONVERSION MESSAGE)

If you want a custom version like this for your business, I can build it professionally for you.

You can order it safely through Fiverr or directly.

💥 MESSAGE 5 (CLOSING)

Want me to create a full AI ad + automation system for your business?

Options:

✅ Yes

❌ Not now

🔥 5. STORY AUTO DM SYSTEM (VERY POWERFUL)

Post story:

"DM 'AI' to get a free business ad"

Auto system triggers same funnel.

📈 6. COMMENT TRIGGER SYSTEM

On your reels:

Pinned comment:

"DM AI to get your free business ad 🔥"

This increases conversion 2-5x.

🎯 7. LEAD QUALIFICATION (IMPORTANT)

You don't want random people.

Add this filter:

Question in DM:

"What's your business type?"

Then prioritize:

Gym

Salon

Real estate

Coaching

Small business

💰 8. CLOSING SYSTEM (MONEY STEP)

After sending demo:

Say:

I can fully customize this for your brand with better visuals + automation system.

Then:

Fiverr link OR direct payment

Or "limited slots per week"

⚡ 9. CONVERSION TRICKS (VERY IMPORTANT)

Use urgency:

"I only take 5 clients per week"

Use authority:

"We build AI systems for businesses"

Use proof:

Always show demo video first

🎬 10. WHAT YOU SHOULD POST (TO MAKE THIS WORK)

Every reel must have:

CTA:

"DM AI for free demo"

Without this → system fails.

📊 11. EXPECTED RESULTS

If you post daily + DM system active:

50-200 DM leads/month

5-20 serious buyers/month

First client in 3-7 days possible

🧠 12. FULL SYSTEM SUMMARY

Instagram role:

Bring attention

Auto DM role:

Start conversation

Demo video:

Build trust

Fiverr / WhatsApp:

Close payment

🚀 IF YOU WANT NEXT LEVEL

I can build:

🔥 Full ManyChat automation flow (step-by-step setup)

🎬 Best demo video to maximize conversion

👛 Fiverr + Instagram hybrid closing scripts

📊 CRM system to track all leads automatically

3. Notion CRM

🧠📊 NOTION CRM – AI AGENCY CLIENT ENGINE

🎯 MAIN STRUCTURE

You will create 1 main dashboard + 4 databases

🏠 1. MAIN DASHBOARD (HOME PAGE)

📌 Name:

AI Agency Command Center

🧩 Sections:

🚀 TODAY'S FOCUS

Leads to reply

Hot prospects

Follow-ups due

Content to post

💬 QUICK ACTIONS

Add new lead

Log DM conversation

Move lead stage

Mark deal closed

📈 PIPELINE SNAPSHOT

New Leads: XX

Warm Leads: XX

Hot Leads: XX

Closed Deals: ₹XX

🔥 REVENUE GOAL TRACKER

Daily goal

Weekly goal

Monthly goal ₹1,00,000

2. DATABASE #1 – LEADS PIPELINE

 Table Name:

Instagram Leads CRM

 FIELDS (COLUMNS):

Name

Instagram Handle

Business Type

Source (Reel / Fiverr / DM / Referral)

Lead Stage (VERY IMPORTANT)

Interest Level (Cold / Warm / Hot)

Budget (₹5K / ₹10K / ₹25K / ₹50K)

Last Message Date

Next Follow-Up Date

Status (Open / Won / Lost)

 LEAD STAGES (FUNNEL)

New Lead

Replied

Qualified

Pain Identified

Offer Sent

Negotiation

Closed Won

Closed Lost

 3. DATABASE #2 – DM CONVERSATIONS LOG

 Table Name:

DM Tracker

 FIELDS:

Lead Name

Conversation Summary

Pain Point

Offer Sent (Yes/No)

Objections

Close Probability %

Next Action

 PURPOSE:

Helps you never lose track of conversations

 4. DATABASE #3 – DEALS / REVENUE TRACKER

 Table Name:

Revenue Dashboard

 FIELDS:

Client Name
Package Type (Starter/Growth/Pro)
Deal Value
Payment Status (Pending/Paid)
Delivery Status
Upsell Status
Profit

VIEW:

Monthly revenue total
Closed deals list
Pending payments

5. DATABASE #4 – FOLLOW-UP SYSTEM

Table Name:

Follow-Up Machine

FIELDS:

Lead Name
Stage
Last Contact
Follow-up Message
Follow-up Date
Priority (High/Medium/Low)

FOLLOW-UP RULE:

6 hours → soft reminder
24 hours → value message
48 hours → urgency close

6. NOTION PIPELINE VIEW (VISUAL FUNNEL)

Create Kanban board:

New Lead

Replied

Qualified

Pain Identified

Offer Sent

Negotiation

Closed Won

7. AUTOMATION LOGIC (IMPORTANT)

When lead enters CRM:

- 👉 Tag as "New Lead"
- 👉 Assign DM script stage 1
- 👉 Set follow-up date automatically

When lead replies:

- 👉 Move to "Replied"
- 👉 Start qualification script

When pain is confirmed:

- 👉 Move to "Pain Identified"
- 👉 Send offer ladder

When interested:

- 👉 Move to "Offer Sent"
- 👉 Push A/B closing script

When paid:

- 👉 Move to "Closed Won"
- 👉 Start delivery tracker

8. CLIENT VALUE TRACKING

Inside each lead page:

Business type

Pain points

Offer used

Conversion reason

Revenue potential

9. HOT LEAD INDICATOR SYSTEM

Use emoji tagging:

- 🔵 Cold (no response)
- 🟡 Warm (replied)
- 🔴 Hot (ready to buy)
-  Closed

10. DAILY WORKFLOW USING NOTION

Every day:

Open dashboard

Check hot leads

Follow-up warm leads

Add new DM leads

Update pipeline

Track revenue

WHY THIS SYSTEM WORKS

Because it:
prevents lost leads
organizes DM chaos
forces follow-ups (where money is made)
tracks conversion psychology
gives clarity to scale to ₹1L+

4. Business Terms

1. Money & Revenue Terms (Most Important)

Revenue - Total money your business earns.

Profit - Revenue minus all expenses.

Cash flow - Actual money coming in and going out (very important for survival).

MRR (Monthly Recurring Revenue) - Monthly subscription income (used in SaaS/AI tools).

ARR (Annual Recurring Revenue) - Yearly version of MRR.

Break-even point - When your income = expenses (no loss, no profit).

2. Customer & Marketing Terms

Customer Acquisition Cost (CAC) - How much you spend to get 1 customer.

Lifetime Value (LTV) - Total money a customer gives you over time.

LTV:CAC ratio - Shows if your business is healthy (good = 3:1 or higher)

Conversion rate - % of people who take action (buy, sign up, DM you).

Lead - A potential customer.

Funnel - Journey from seeing your brand → becoming customer.

3. Startup Growth Terms

MVP (Minimum Viable Product) - First simple version of your product/service.

Scaling - Growing business without increasing costs equally.

Pivot - Changing your business model when something isn't working.

Validation - Checking if people actually want your idea before scaling.

Product-market fit - When your product perfectly solves a real demand.

4. Sales Terms (VERY IMPORTANT for you)

Cold outreach - Contacting strangers (DM, email, calls).

Closing - Turning a lead into a paying customer.

Objection handling - Answering customer doubts like "too expensive".

Upselling - Selling higher package to same customer.

Retention - Keeping customers coming back.

5. Digital/Online Business Terms

CTR (Click Through Rate) - % of people clicking your link/ad.

ROAS (Return on Ad Spend) - Money earned per ad spend.

SEO (Search Engine Optimization) - Ranking on Google.

Organic traffic - Free traffic (Instagram, YouTube, SEO).

Paid ads - Facebook/Instagram/Google ads.

6. Founder Mindset Terms

Execution - Actually doing work, not just planning.

Iteration - Improving step by step.

Burn rate - How fast you spend money monthly.

Runway - How many months your business can survive with current cash.

5. Scaling System

₹1L → ₹5L SCALING CRM SYSTEM (AI AGENCY OS)

CORE IDEA

You don't scale by getting more leads.

You scale by:

increasing deal size

improving close rate

adding retention + upsells

systemizing delivery

reactivating old leads

1. UPGRADED CRM ARCHITECTURE (4 LAYERS)

Layer 1 → Lead Capture Engine

Layer 2 → Sales Pipeline Engine

Layer 3 → Revenue Expansion Engine

Layer 4 → Retention + Scale Engine

 2. LAYER 1 – LEAD CAPTURE ENGINE (TOP OF FUNNEL)

 SOURCES:

Instagram Reels

Fiverr

WhatsApp clicks

Referrals

DM keyword automation

 NOTION DATABASE:

“Lead Intake System”

Fields:

Name

Source

Business Type

Budget Guess

Pain Trigger (YES/NO)

Lead Temperature (Cold/Warm/Hot)

Assigned Offer Path

 AUTOMATION RULE:

DM “AI” → auto entry into CRM

Tag as Cold Lead

Assign script flow

 3. LAYER 2 – SALES PIPELINE ENGINE (₹1L BASE SYSTEM)

 DATABASE:

“Sales Pipeline 2.0”

Stages:

New Lead

Engaged

Qualified

Pain Confirmed

Offer Sent

Negotiation

Closed Won

Closed Lost

 KEY UPGRADE:

Add Deal Probability Score (%)

Example:

Engaged → 20%

Qualified → 40%

Pain Confirmed → 70%

Offer Sent → 85%

💰 WHY THIS MATTERS:

You stop guessing → you start predicting revenue.

4. LAYER 3 – REVENUE EXPANSION ENGINE (₹1L → ₹3L JUMP)

DATABASE:

“Client Value Expansion Hub”

FIELDS:

Client Name

Initial Package (₹5K-₹50K)

Upsell Opportunities

Current Spend

Lifetime Value

Next Upgrade Trigger

Retention Status

UPSELL SYSTEM:

After delivery:

Offer upgrades:

More ads

Monthly content system

Automation setup

Full funnel management

SCALING LOGIC:

₹10K client → ₹25K upsell → ₹50K retention deal

THIS is where ₹1L becomes ₹3L+

5. LAYER 4 – RETENTION + SCALE ENGINE (₹3L → ₹5L)

DATABASE:

“Client Retention Machine”

FIELDS:

Client Name

Active Status

Monthly Retainer

Results Delivered

Satisfaction Score

Upsell History

Renewal Date

RETENTION STRATEGY:

Every client must move to: 🙌 Monthly retainer model

Examples:

₹10K/month ad system management

₹25K/month automation support

₹50K/month full growth system

6. REVENUE STACK MODEL (KEY TO ₹5L)

TARGET STRUCTURE:

Base Revenue (New Clients):

₹1,00,000

Upsells:

₹1,50,000

Retainers:

₹2,00,000

Reactivations:

₹50,000+

 TOTAL:

 ₹4L - ₹5L/month potential

7. REACTIVATION ENGINE (HIDDEN MONEY)

DATABASE:

“Old Leads Revival System”

RULE:

Every lost lead is NOT dead.

You re-contact:

after 7 days

after 30 days

after 90 days

MESSAGE EXAMPLE:

Hey  just checking – are you still looking to improve your Instagram leads system?

8. CEO DASHBOARD (MAIN CONTROL CENTER)

YOU SEE DAILY:

Revenue today

Active deals

Hot leads

Follow-ups pending

Upsell opportunities

Monthly forecast

9. SCALING MECHANISM (REAL GROWTH ENGINE)

PHASE 1 (₹0 → ₹1L)

2 reels/day

DM funnel active

5-10 clients/month

PHASE 2 (₹1L → ₹3L)

Upsells active

Better pricing
Funnel optimization
Case studies
PHASE 3 (₹3L → ₹5L)
Retainers added
Repeat clients
Automation systems
Team delegation

CEO Skills & Operational Functions

1. Core CEO Skills

- Sales & Negotiation: Master high-ticket closing (₹1L-₹5L+ packages) and navigate complex objections [cite: 4, 7].
- System Architecture: Design end-to-end automation workflows connecting Make, Zapier, ManyChat, and Notion [cite: 4, 7].
- Creative Direction: Manage VFX, animation, and CGI production output quality through clear vision and standards [cite: 4, 7].
- Media & Authority Building: Position the studio as a "Media Company" to build trust and attract high-value clients via inbound marketing [cite: 4, 7].
- Team Leadership & Delegation: Manage a team of 10-20 members via SOPs and clear performance metrics [cite: 4, 7].
- Financial Literacy: Act on metrics like CAC, LTV, Burn Rate, and Runway [cite: 4].
- Technical Literacy: Oversee AI Agent development (Botpress/Voiceflow) and backend infrastructure (Supabase/Firebase) [cite: 4, 7].

2. Operational Functions by Scaling Phase

- Phase 1 (₹0-₹1L): Founder-led sales and hands-on content creation [cite: 4, 7].
- Phase 2 (₹1L-₹10L): Funnel systemization and DM automation management [cite: 4, 7].
- Phase 3 (₹10L-₹25L): Hiring, training, and operational delegation [cite: 4, 7].
- Phase 4 (₹25L-₹50L): Productized System design and authority-driven content strategy leadership [cite: 4, 7].
- Phase 5 (₹50L-₹1Cr): High-level business architecture and licensing model management [cite: 4, 7].

Essential AI Startup Tools: Growth & Automation

1. Growth & Automation Engine

ManyChat: The primary tool for Instagram and WhatsApp automation, essential for your DM-to-lead conversion funnel [cite: 4].

Make (formerly Integromat) or Zapier: Crucial for connecting your apps (e.g., syncing leads from ManyChat to your CRM) and automating complex workflows [cite: 4].

ChatGPT (OpenAI) or Claude (Anthropic): Used for generating creative scripts, refining sales pitches, drafting email sequences, and workflow planning [cite: 4].

Hiring + SOP Manual & Founding CEO Training Guide

Part 1: Hiring + SOP Manual

Hiring Profile & Interview Questions:

- Sales Closer: Focus on ROI-based selling and objection handling [cite: 4, 7]. Ask: "Walk me through how you'd handle a client who thinks our ₹1L fee is too expensive."
- Editor: Focus on VFX, motion graphics, and cinematic pacing [cite: 1, 4]. Ask: "Show me your process for turning raw AI-generated footage into a cohesive 30-second ad."
- Automation Specialist: Focus on Make/Zapier workflows and AI agent logic [cite: 4, 7]. Ask: "Explain how you'd build a system to qualify leads from Instagram DM to CRM entry automatically."
- DM Operator: Focus on speed, lead qualification, and CRM management [cite: 4, 7]. Ask: "How do you prioritize a 'Hot' lead versus a 'Cold' one in our pipeline?"

SOP Templates:

- Creative SOP: Defines style, resolution, and delivery formats for brand consistency [cite: 1, 4].
- Sales SOP: Mandatory script adherence, follow-up timelines (6h/24h/48h), and CRM update rules [cite: 1, 4].
- Automation SOP: Documentation of workflows in Make/Zapier for troubleshooting [cite: 1, 4].

Part 2: Founding CEO Training Guide

Phase 1 (₹0-₹1L) - Founder-Led Validation: Focus on direct outreach, manual DM follow-ups, and hands-on creative production [cite: 4, 7].

Phase 2 (₹1L-₹10L) - Funnel Systemization: Master ManyChat, CRM organization in Notion, and DM-to-Call funnel [cite: 4, 7].

Phase 3 (₹10L-₹25L) - The Delegation Architect: Transition from 'Doer' to 'Manager' [cite: 4, 7]. Focus on hiring, creating SOPs, and delegating creative production [cite: 4, 7].

Phase 4 (₹25L-₹50L) - Productized Scale: Focus on selling pre-built systems (e.g., ad packs) and mastering authority-driven content strategies [cite: 4, 7].

Phase 5 (₹50L-₹1Cr) - The Ecosystem Owner: Focus on enterprise-level strategy, financial forecasting (LTV/CAC), and licensing model development [cite: 4, 7].

Leadership Role Descriptions & Responsibilities

Role Definitions

- **CTO:** Focuses on AI agent architecture (Botpress/Voiceflow), infrastructure (Supabase/Firebase), and scaling automation [cite: 4, 7].
- **CMO:** Focuses on inbound marketing, case study production, and maintaining brand authority [cite: 3, 4].
- **CIO:** Focuses on data analytics, CRM management (Notion/HubSpot), and information security [cite: 3, 4].
- **COO:** Focuses on day-to-day operations, creative delivery, and team performance metrics [cite: 4, 7].
- **CHRO:** Focuses on hiring, training, and scaling talent while retaining company culture [cite: 4].
- **Sales & Pricing Lead:** Focuses on high-ticket negotiation (₹2L–₹5L+), pricing strategy, and closing team training [cite: 4, 7].

Summary Table

Role	Key Focus	Metric of Success
CTO	Tech Infrastructure	System Uptime & Automation Efficiency
CMO	Authority & Inbound	Reach, Leads & Brand Equity
CIO	Data & Systems	Data Integrity & Insights
COO	Delivery & Operations	Client Satisfaction & Delivery Speed
CHRO	Talent & Culture	Team Retention & Hiring Velocity
Sales Lead	Revenue & Pricing	Close Rate & Deal Size

Master Document Checklist: Creative Technology House

1. Corporate & Legal Records

- Incorporation Documents: Memorandum and Articles of Association [cite: 4].
- Shareholder Records: Digital Cap Table detailing ownership [cite: 4].
- Legal Agreements: Shareholder Agreements, employment contracts, and NDA/IP assignment agreements [cite: 4].
- Statutory Filings: Annual returns, board minutes, and ROC filings [cite: 4].

2. Financial & Tax Records

- Corporate Bank Statements: Monthly reconciled statements [cite: 4].
- Tax Compliance: GST returns, Income Tax returns, and records of professional tax/PF/ESI payments [cite: 4, 7].
- Audited Financials: Annual balance sheets, P&L, and cash flow statements [cite: 4].
- Investment Portfolio: Log of domestic/foreign assets and LRS tracking [cite: 4, 5].

3. Intellectual Property (IP) Records

- IP Registry: Database of characters, scripts, film concepts, and software workflows [cite: 4].
- Copyright & Trademark Certificates: Filed documentation for brand and assets [cite: 4].
- Workflow Documentation: Centralized repository of technical SOPs and automation code [cite: 4, 7].

4. Operational Documentation

- Standard Operating Procedures (SOPs): Playbooks for every department [cite: 4, 7].
- Project Documentation: Case studies, project scopes, and client contracts [cite: 4, 7].
- Talent Database: Onboarding forms, appraisals, and training modules [cite: 4].

Revenue, Finance, & Legal Responsibility Matrix

1. Revenue & Economic Strategy Roles

- **Sales & Pricing Lead:** Develops high-ticket offers (₹1L–₹5L+) and trains the closing team [cite: 4, 7].
- **CMO (Chief Marketing Officer):** Drives inbound lead flow and builds brand authority [cite: 3, 4].
- **Founder/CEO:** Architect of revenue infrastructure and scaling phase alignment [cite: 4, 7].

2. Money Management (Finance) Roles

- **CIO (Chief Information Officer):** Tracks key metrics like CAC and LTV, ensuring data integrity [cite: 4].
- **Chartered Accountant (CA):** Manages domestic tax, foreign remittance (LRS), and audit-ready financial statements [cite: 4].
- **Founder/CEO:** Oversees capital allocation, profit reinvestment, and investment portfolio [cite: 4].

3. Legal & Compliance Roles

- **CHRO (Chief Human Resources Officer):** Manages employment compliance (PF, ESI, professional tax) [cite: 4].
- **Legal Consultant/Company Secretary:** Maintains Private Limited registration, Cap Table, share certificates, and ROC/GST filings [cite: 4].
- **Founder/CEO:** Oversees IP registration and shareholder agreements [cite: 4].

Summary Responsibility Matrix

Function	Key Lead	Primary Responsibility
Revenue	Sales & Pricing Lead	High-ticket closing and pricing strategy [cite: 4, 7]
Economics	CMO / Founder	Market positioning and lead flow [cite: 3, 4]
Finance	CIO / CA	Metric tracking and tax compliance [cite: 4]
Legal	Legal Consultant	Regulatory filings and IP protection [cite: 4]

Roadmap to ₹100 Crore Annual Turnover

1. Strategic Tactics

- **Productization:** Move from service-based delivery to proprietary AI software and enterprise licensing [cite: 4, 7].
- **Market Expansion:** Scale into US, UK, and European markets to capture high-ticket contracts (\$50k–\$100k+) [cite: 4, 7].
- **Leadership Empowerment:** Build a C-suite of autonomous, equity-holding leads (CTO, COO, CMO) to manage departments [cite: 4, 7].
- **Financial Engineering:** Utilize M&A, VC/PE funding, and exit-ready balance sheets to support global infrastructure [cite: 4].

2. Scaling Roadmap

Scaling Stage	Strategic Goal	Primary Leverage
Phase 1–3	Systemize & Validate	Founder-led sales & SOP automation [cite: 4, 7]
Phase 4–5	Scaling & Licensing	Productized tech & high-ticket contracts [cite: 4, 7]
Growth Phase	Global Enterprise	M&A, SaaS licensing, and VC funding [cite: 4, 7]

Startup Documentation Initiation Checklist

1. Identity & Legal Structure

- **Entity Registration:** Certificate of Incorporation documents [cite: 4, 8].
- **Founder Identification:** Government-issued ID and address proof for all shareholders [cite: 4].
- **Tax Documentation:** PAN/GST identification numbers for financial and government compliance [cite: 4, 8].

2. Foundational Legal Agreements

- **Shareholder Agreement (SHA):** Outlines voting rights, exit strategies, and control rights (drag-along/tag-along) [cite: 4, 8].
- **Contracts:** Employment/Consulting agreements with mandatory 4-year vesting (1-year cliff) and IP assignment clauses [cite: 4, 8].
- **Confidentiality:** Standard NDAs for protecting AI workflows, scripts, and original content [cite: 4, 8].

3. Operational & IP Infrastructure

- **Digital Cap Table:** Centralized register for tracking share issuances and ownership [cite: 4, 8].
- **IP Registry:** Log/database of original concepts (e.g., "TIME," "Family Pack") and technical codebases [cite: 4, 8].
- **SOP Repository:** Centralized digital space for archiving departmental workflows [cite: 4, 8].

4. Banking & Financials

- **Corporate Current Account:** Established via board resolutions and identity documentation [cite: 4, 8].
- **Financial Audit Trail:** System to log expenses, invoices, and revenue from day one [cite: 4, 8].
